PROJECTS

Smart Campus Buddy

Dec 2025 – May 2026

HTML , Node JS ,Express JS , MongoDB | [GitHub Link](#)

- Developed a **centralized campus management platform** to digitize classroom availability, academic resources, campus utilities, timetables, events, and student grievances.
- Implemented **anonymous complaint/feedback** management with privacy-focused data display and **RESTful APIs** for communication between the frontend and backend.
- Designed a **responsive, mobile-friendly interface** with dynamic data rendering and privacy-focused anonymous complaint handling.

INTERNSHIP

Data Analyst Intern (AI) – Kulture Hire

July 2026 – August 2026

Hyderabad

- Conducted end-to-end research on **Gen Z workplace expectations**, from problem statement documentation to final presentation, addressing the gap between **employer practices and employee expectations** .
- Designed and deployed surveys using Google Forms to collect primary data on **career aspirations** across Gen Z respondents.
- Performed **data cleaning, standardization, and exploratory data analysis** to prepare raw survey data for analysis.
- Wrote SQL queries in **MySQL** to extract insights on workplace trends and preferences from structured datasets
- Built **executive dashboards** in **Excel and Power BI** to visualize key findings and deliver actionable recommendations for improving **Gen Z retention and engagement strategies**.

CERTIFICATIONS

- Cambridge English Empower – Level B2
- IEEE Blended Learning Program
- Python for Everybody – Coursera
- Python Course (3 Weeks) – GeeksforGeeks (2025)
